Hurry, master! You must transport me to the seaside at once!
Aquatic funtimes await!

I'm not taking you to the beach.
Wha..? Why not?!
Because last time you killed two seagulls and ate one of them.

Those gulls were asking for it...
Regardless, I refuse to have the blood of any more innocent seabirds on my hands.
Pfuh!

You cannot keep me from having fun, you despotic she-beast!
I'll find an even better ocean to play in!
And fun-hating tyrants like you AREN'T INVITED!!!
